Re: Public Disclosure Request

Dear Mr. Merrick:

Thank you for your October 18, 2004 response to my public records disclosure request. Based on your letter, I believe I can help refine the request. First, I am not interested in any environmental documents focused on Slip 4 or the Duwamish Waterway. I am interested only in documents related to the upland areas described in the request and highlighted on the map attached to the request. I suspect this limitation may reduce the scope of documents significantly. In addition, I am not interested in any documents arising out of the Airport Master Plan or the action brought by Georgetown that you reference in your letter. Again, this should reduce the scope of documents significantly.

I will be available to meet with Mr. A. J. Merrick in the afternoon on October 22. I, of course, will want to review the documents that are ultimately made available for inspection to determine which, if any, I would like to have copied.

Finally, I assure you that we have no intention whatever of using any lists of individuals that may be produced in response to my request for "commercial purposes" as that term is used in RCW 42.17.260(9). I do not believe, however, that that statute or any other applicable statute requires me to sign the affidavit you attached to your October 18, 2004 letter in order to obtain documents under the Act. No Washington public agency in my experience has ever made such a request in response to a public disclosure request. If you are aware of legal authority to the contrary, please let me know.

Re: Public Disclosure Request

Dear Mr. Merrick:

Pursuant to the Freedom of Information Act and the applicable laws and regulations for the State of Washington, we would like to review and select for copying all records related to the Georgetown Steam Plant and the King County International Airport's North Boeing Field area in the vicinity of Ellis Avenue South adjacent to the Georgetown Steam Plant as depicted on the attached map, including but not limited to all information regarding the historical operations and uses of the area and all information regarding any environmental investigations and/or environmental clean up of the area.

We are willing to pay reasonable fees for processing and photocopies.

Please call me at (206) 676-7116 if you have any questions and to schedule our file review appointment.

Very truly yours,

SUMMIT LAW GROUP PLLC
